

CANADIAN INTERNATIONAL

SHORTHORN BULL SALE
Saturday, February 29, 1964

BRANDON, MANITOBA

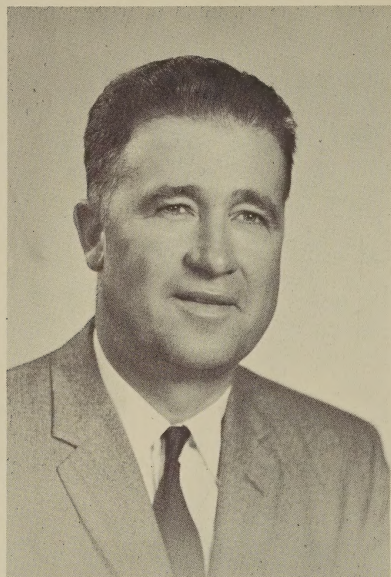

JACK EVANS

**Chief Stud Stock Officer, Dalgety & Co.
Palmerstown, New Zealand
Judge**

In keeping with the broad objectives of this sale, the 1964 Canadian International Shorthorn Bull Sale will be judged by a leading livestock judge who represents another of the great cattle producing areas of the world.

We are honored to have Mr. Evans with us.

**W. W. Donaldson, President,
Canadian Shorthorn Sales Inc.,
sponsors of this sale,**

We believe the Canadian International Shorthorn Bull Sale has great potential. It can serve as a means of breed expansion through the wide publicity it receives in the general farm press. It can serve as a method of breed improvement by providing a source of outstanding stock bulls . . . offered in one place at one time . . . and placed by a keen judge's eye. It can provide an incentive to breed better cattle by offering a market place for the best.

To have such a sale requires first an interest on the part of leading herds to participate as sellers. No sale has ever been more blessed in this respect than the 1964 Canadian International. Our requests for entries found response from leading herds from five provinces and the United States. The final 58 head cataloged were sifted from a wider list of nominees. Some of the nom-

inations were seen by directors and consultations on their quality resulted in some withdrawals. Other breeders switched entries or removed them as it became clear to them the standards which have been set for this sale.

Our goal as plainly stated is a "Perth of North America". Those of us who have seen Shorthorns around the world feel there is no reason why there cannot be in North America a sale which can provide stock bulls for the world trade. No single person could see all the bulls entered in this sale. Perhaps there will be a few bulls that do not quite measure up to our ideals . . . this is true in any sale because occasionally bulls do not come on the way one would anticipate at the time of nomination. However, I am quite confident that this sale will contain **more** of the kind of bulls we would all consider stock bull calibre than any similar sale that has been held in North America.

In closing I would like to thank the many from Manitoba who have worked so hard and have been such a great help to us.

W. W. DONALDSON

Getting to the sale . . . there are excellent roads and rail service into Brandon. If you are traveling by plane, however, your best connection may be to Winnipeg. Cars will be available to meet planes at Winnipeg. Please let us know your arrival time as early as possible. W. W. Donaldson will be on hand in Brandon after Wednesday morning. Write or wire him in care of the Prince Edward Hotel, or, you may leave a message for him with Mr. G. Laliberte, Mgr., Prince Edward Hotel.

You will miss too much if you plan to arrive in Winnipeg as late as sale day morning.

Returning . . . by leaving the sale a few minutes early you could catch a train out of Brandon leaving at 3:40 p.m., arriving Winnipeg 6:25 p.m. This will continue East and it will also connect with a train which arrives at Minneapolis at 6:30 a.m. Good air connections out of Winnipeg in every direction.

Want to come in your truck? In this way you can load your bull out and head right for home. Arrangements are being made to have the U.S. border open at Dunseith, North Dakota (just 45 miles south) from 6 p.m. Saturday evening after the sale for two or three hours so you can go through. It will not be open again until Monday morning. All health papers will be in order so cattle can go to the United States immediately.

Sending for your truck? A night watch will be available through Monday evening if necessary so if you wish you can send for your truck after the sale. After Monday we will help you make special arrangements for care of your cattle at the farm of some dependable nearby Shorthorn breeder.

Good truckers are available in the Brandon area, and, of course, it is a main rail point.

Perhaps a consignor can work with you? Consignors will be coming by truck from the Western Provinces and from the Dakotas. Harry Maughan, consignor from Ronan, Montana, has indicated he will be returning in his truck on Hwy. 2 across North Dakota and Montana all the way to Kallispel (which is just about 200 miles from Spokane, Washington). He states he can carry eight to ten head and would make reasonable charges to sale buyers.

We will work with you. Although it is never possible to predict, from past experience cattle in this sale will move in all directions. We will try our best to help you arrange to ship with a group most of the way home,

These men may be reached at the addresses given or the evening before the sale at the Prince Edward Hotel, Brandon. Last minute phone calls could be directed through the hotel manager, G. Laliberte.

They were employed by Canadian Shorthorn Sales Inc. for specific tasks, promotional and clerical and have nothing to do with the handling of the cattle or the condition of the premises. The sale manager can assume no liability for the fulfillment of guarantees or errors in health papers.

Recording in the U.S. Herd Book — The special fee levied by the American Shorthorn Assn. on animals imported from Scotland, their sires, dams, etc., where applicable to cattle purchased in this sale by U.S. buyer will be paid by the consignor. DEEP COVE NAPOLEON 21st — The winning senior yearling from the 1963 Acadia show herd. He bears a strong likeness to his sire, Deep Cove Napoleon 3rd, junior champion of the 1959 Canadian Royal Winter Fair. He also gets a great heritage from his imported dam, whose other progeny include the notable Canard Madge 2nd, grand champion for Deep Cove at the 1957 Canadian Royal Winter Fair as a senior yearling and grand champion again for Deep Cove at the 1963 Atlantic Winter Fair as a mature female. Sons and daughters of Deep Cove Napoleon 3rd won all the junior and reserve junior championships and the all-important get of sire award at the 1963 Atlantic. The Kinellar Napoleon saga itself forms an illustrious chapter in the long history of the Shorthorn breed.

Montana Guthrie 2nd, reserve senior champion 1961 Denver National Western, grand champion Pacific International and Grand National. He is a half brother to Lot 3. Two other bulls in the sale consigned by W. H. Maughan were sired by him.

GLEN COVE CLIMAX — Has been used here at Louada considerably and his first calves have arrived. They give assurance that he is a good-breeding sire and a strong recommendation for him. His sire was top-selling bull in our 1959 sale and now he is doing heavy duty in the herds of Worden Bros., KC Farms and W. N. Anderson. This bull comes from the best of Cluny breeding. We are retaining breeding rights on him through the use of frozen semen.

EKCO CRUSADER COALITION — The sire of Coalition, Kelburn Crusader was the top selling bull at the Brandon Winter Fair in 1955. He is now dead and his death was a loss to the Shorthorn industry. Wherever his sons and daughters have gone we have made lasting friends. His worth has been proven by the innumerable championships his progeny have won. We will part with no more of his daughters. There will not be an opportunity to buy many more sons of Crusader. Coalition is an extremely dark roan (almost red) with tremendous depth of body. He is a very heavy boned individual that stands very squarely on sound feet. He is a bull worthy of consideration of critical cattlemen.

He is exceptionally good headed, short legged, heavy boned with a terrific rear quarter. He has the soundest set of feet we have ever seen on a bull. Colossal's picture was really taken by amateur photographers (us) and is completely untouched. We believe Colossal is a bull which will measure up to the high standards of an International sale. We would like to retain showing privileges of Colossal for the first week in March at our strong North Dakota Winter Show in Valley City providing it will not complicate shipping accommodations to his new home. He is worth traveling a long way to become his owner.

PLEASANT DAWN MINSTREL 3rd — This deep-bodied, low-set bull has exceptional length, stands straight on good legs, set well, with heavy bone. His sire Hi-Way Royal Oak weighed 2235 lbs. in June 1962, and has produced many big, rugged bulls. His progeny has brought good prices for us at the Brandon spring sales. The Cinderella family is the Searles top milking strain of Shorthorn. We think this young, dark roan bull shows great sire potential.

Royal Clara is the most prolific and best brood cow on the farm. She is the dam of Aberfeldy Control, grand champion 1961 C.N.E. sold to Kathy & Bobby TenEyck, Oregon; Aberfeldy Armada, who after a great show record was purchased for use in the Briardale herd of Mrs. Beardmore; Aberfeldy Welcome, used very successfully in the M-F Farms herd; still another full brother purchased by Ellis Giddens, Madison, Ga., sold in his sale at \$2,100. The best female prospect of her age is a full sister. Another daughter sold at \$2,000, 1953 sale. **ABERFELDY EMBLEM** is one you can buy with utmost confidence.
